“Cooperation needs mutual trust and understanding. I am therefore delighted that the World Health Summit in Berlin has proved to be an ideal venue for international dialogue in this field.”

Angela Merkel, Chancellor of the Federal Republic of Germany

“I expect all to leave the meeting with a renewed sense of purpose for the greatest challenge facing humanity.”

Peter Agre, Nobel Prize laureate

“The World Health Summit is taking this broad vision of thinking outside the box; which makes it so important.”

Carlos Dora, WHO Europe

Results

Statements and recommendations of the National Academies and M8 Alliance to governments and international organizations

www.worldhealthsummit.org/about-whs/initiatives

The World Health Summit brings together stakeholders and decision makers from every field in the healthcare spectrum, providing the perfect forum for exchange with experts from academia, industry, politics and civil society. It is the world’s foremost strategic forum for global health, and promotes thought leadership in the scientific and global health agenda.
